Venice To Improve Viaduct Approach At State Street

The Venice city council passed a resolution appropriating \$40,000 of motor fuel tax funds for improvements to the State street approach to the Broadway viaduct during a meeting Thursday night.

The project includes resurfacing, installation of curbs and a guard rail to protect traffic turning off of the viaduct onto State street.

Four Venice high students who were elected to the Student Government Day last Wednesday observed the meeting. Usually held on Friday night, the meeting was advanced a day to permit Mayor John Lee to attend a retreat during the weekend.

Boss' Wortman Shooting Still Mysterious

Frank "Buster" Wortman, arena racket boss, was reported to be in fair condition today at St. Mary's Hospital, East St. Louis, after he submitted to surgery Saturday for bullet wounds.

Wortman, who had interests in gambling establishments in and near the Quad-Cities, was shot Friday night, apparently at the Paddock lounge in East St. Louis. Authorities believe that the tavern led to the shooting.

Involved in a violent argument with a woman were Barney Barts, a former Wortman bouncer, and an East St. Louis attorney, Wortman broke up the argument, and the attorney later left in a taxicab, police said.

The time and place of the shooting have not been determined, but it was reported to be an accident. He was taken to the hospital at 7:40 a.m. Sunday.

Before surgery Wortman told police that the shooting occurred neither at the Paddock nor at his home.

Officials said hoodlums normally would not use such a small weapon, but that the type used more probably would be carried by a woman, Wortman's wife and daughter were with him at the hospital during the surgery. Mrs. Wortman told police she knew nothing about the shooting.

Investigating the case are Madison police, St. Charles county sheriff's office, FBI agents and East St. Louis police.

Wortman was awaiting a preliminary hearing for income tax evasion. He was found guilty in federal district court several years ago, but an appeal of the verdict to the federal appellate court was successful.

Two County Offices Show Excess In Fees

Semi-annual reports of fee offices of Madison county officials were approved last week by the Madison county board of supervisors.

Willard Portell, circuit clerk, showed receipts of \$37,041 and expenditures of \$26,112, leaving excess fees of \$10,929 which were deposited with the county treasurer for the county officers fund.

James Chapman recorder of deeds, had receipts of \$47,084 and expenditures of \$26,178, leaving excess fees of \$20,906 which also were deposited in the county officers fund.

Dr. W. W. Billings, coroner, had receipts of \$5,332 and expenditures of the same amount, including \$2,902 as his half-year salary. The coroner is allowed a half-year salary of \$4,750, so there is a deficiency of \$1,547 in salary due him for the six-month period. This added to a previous balance of \$5,332, makes a total deficiency in salary due him of \$6,879.

The salary deficiency is not a liability to the county, however, as the coroner's salary comes from the fees which he collects. Portell also showed that through the investment of idle funds totaling \$130,000 since Jan. 23, 1963, a total of \$8,028 in interest was earned, and on Dec. 31, \$136,652 was on deposit and invested at interest.

An audit of the county liquor control commission books by John L. Kraynak, county auditor, showed that 143 liquor licenses were issued during 1963, with receipts of \$80,375, compared to 147 in 1962 with receipts of \$40,320. Of the total last year, 128 were for the full amount of \$300, compared to 126 the year before.

Mayers' Council To Be Topic At SWIU Meeting

East St. Louis Mayor Alvin G. Fields will discuss the Southwestern Illinois Council of Mayors at a four-county conference on "Local Legislators and Intergovernmental Relations" sponsored by Southwestern University at Sunset Hill Holiday Inn Saturday.

Invited to the conference along with the organization of mayors, to whom the area of intergovernmental ventures has been of interest for some time according to Fields, are elected trustees representing a councilmen and aldermen of all municipalities in Bond, Madison, Monroe, and St. Clair counties. Also included will be representatives from the Bi-State Development Agency and the Southwestern Illinois Metropolitan Area Planning Commission.

Also attending the conference will be A. L. Sargent, executive director of the Illinois Municipal League. The presence of Sargent, with his expert background in the field of intergovernmental cooperative ventures, and authorities with long experience in the field of municipal government will make for an unusual conference for local legislators, according to Gordon E. Olson, research associate of the Tri-City Bar Association and Metropolitan Affairs Program which is accepting reservations for the conference.

"Much concern is being expressed about lower taxes," Olson said, "while little can be actually done to make more efficient an already economically operated service, there are many aspects of intergovernmental relation and cooperative ventures that may well help hold the tax levy line and improve services."

*Last year's rate for the levee district. The new rate has not yet been determined.

The rates are combined here in a way that they affect the majority of people in the local areas. For persons in different governmental groups, the rates will vary accordingly.

Long Lake fire district residents in Nameoki township should add 8.6 cents (a drop of two mills from last year) to other rates in the township to determine their total rate. Those in the Miracle Manor-Belleme Place street lighting district should add 10 cents (an increase of seven mills). In State Park Place street lighting district, 10 cents (same as last year) should be added.

Nameoki township residents in the Madison school district should substitute that rate for the Granite City school district rate. Those in the city of Madison should add the city tax rate.

There is no tax levy or rate for the village of Pontoon Beach in Nameoki township.

Venice township residents in the Granite City school district should use that district's rate. However, the overall rate can be found by adding the rates of the governmental areas in which each taxpayer resides. However, it must be remembered the levee district rate still is subject to change.

The procedure outlined enables property owners to determine their new estimated tax rate based on \$100 as assessed valuation.

Attorneys Honor Schuman, Lewis

The Two Quad-Cityans who are associate judges of the Third Judicial Circuit, Fred P. Schuman and Austin Lewis, were honored by the Tri-City Bar Association at a monthly meeting Thursday night at the Elks club. The association presented a judicial robe to Judge Schuman and a leather attache case to Judge Lewis in ceremonies during the meeting.

A general discussion was held by the bar association members on operation of the circuit court under the new judicial system effective Jan. 1.

The group voted to maintain Illinois Bar Association pamphlets explaining various points of law which are commonly encountered by the public. The pamphlets are being distributed free to the public at commercial institutions in this area.

Activities of the association for Law Day, May 1, were discussed. Tentative plans were made for local commemoration of the national observance, and details are to be announced later.

The law library currently available for use of presiding judges and resident and visiting lawyers in Granite City was discussed and George Moran was elected as chairman of a library committee to investigate possible ways of maintaining the library at its present location.

John Glickhoff served as chairman of the meeting and was assisted in the presentations to the judges by Morris Chapman.

Hospital Staff Praises Community Service by 150 Ladies Auxiliary Members

GOP Women Plan Membership Drive

A tribute to the Ladies Auxiliary of St. Elizabeth Hospital was made today by Sister Mary Thomas, administrator, and members of her staff, who pointed out the "generous contributions made by the women to aid the operation of the hospital and to benefit the community."

"They help people struggling to pay hospital bills, provide equipment needed for better patient care, sponsor volunteer service, handle the television rental and beauty shop, serve and offer help to girls and women interested in nursing as a career."

The coffee shop is not only a source of income to finance these activities, but it also provides a place in the hospital for employees, patients and visitors to stop for a cup of coffee or a snack. Gifts may be bought there for patients, and the patients also may browse there to get magazines, papers or other needed items.

During the past year they helped a widow with several children who had a large bill; a man in a tuberculosis sanatorium who was worried about paying his bill; a man who died of cancer leaving a widow and several children with an excessive amount of medical bills; an elderly couple with a large bill because of extended hospital stay, and a little lady who faithfully pays \$2 a month on a \$270 bill.

Most of the help given by the auxiliary makes only a dent in the bill, but the gratitude of the patients being helped is reflected in the fact that "every little bit helps."

\$40,800 Budget For '64
The size of the 150-member Auxiliary's activities is denoted in its estimated budget of \$40,831 for 1964. The estimated receipts of \$51,425 include \$450 from a pillowcase festival, \$1800 from television rental, \$750 from the beauty shop, \$175 from

membership dues, \$250 from coffee and hot chocolate vending machine and \$48,000 gross from the coffee and gift shop. Disbursements include \$34,430 for operation of the coffee and gift shop, including \$7000 for payroll, \$410 for social security and insurance, \$1720 for sales and federal taxes, \$300 for miscellaneous expenses and repairs and \$25,000 for merchandise purchased for resale.

Other expenditures or outstanding commitments include \$300 for the volunteer program awards total, \$411 for a refrigerator payment, \$250 for Illinois Hospital Auxiliary dues and conventions, \$50 for memorial masses and flowers, \$150 for the annual Christmas party for the hospital Sisters, \$2500 for anesthesia equipment to be purchased, \$1800 for the indulgent fund, \$500 for scholarships and \$400 for beauty shop equipment.

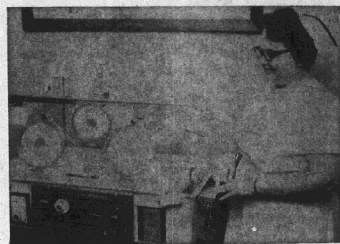

Provides Equipment
Keeping the hospital equipped with the latest equipment is a goal of the Auxiliary, and Sister Thomas noted the modern equipment.

DENTISTRY is available at the hospital, and Sister M. Cleto of the operating room shows an \$1100 high speed drill with water spray that was among equipment purchased for the new department by the Auxiliary.

NEWLY-OPENED BEAUTY SHOP in St. Elizabeth Hospital was furnished by the Auxiliary. The Auxiliary president, Mrs. Helen Bergfield, is shown as one of the first patrons. On the left is Toni Roemki, beauty technician, and on the right is Jane Lynch, manicurist.

AN ISOLETTE that keeps environment stable for premature babies in the nursery is another item of equipment bought for the hospital by the Auxiliary. The \$778 machine for infant care is demonstrated by Dorothy Lewis.

ment helps the staff provide the best of care for patients. Although many items purchased are not used directly in patient care, they do save on man-hours and keep payroll costs down, the hospital administrator explained.

Through the large Volunteer Service, the Auxiliary saves steps and time for the regular hospital staff in the direct care of patients.

"The service also adds the little niceties in the care of patients that personnel may not have the time to perform."

"The volunteers, and especially the Candy Strippers, who are teenagers, give freshness and sparkle to the hospital atmosphere."

Volunteer Program Aids
The volunteer program also is directed to stimulate recruitment to needed hospital careers.

At present, two Candy Strippers now are in nurses training, Candy Stripper and a boy volunteer are in pre-med school, another girl has passed her pre-entrance exam in nursing and

"If they can't give their time in the coffee shop or on the hospital floors because of duties at home or for health reasons, they bake cakes and pies, embroidered pillowcases or arrange flowers to be sold in the coffee shop so that they too can be responsible for helping patients with their bills, providing needed equipment, help in introducing new equipment and helping to make the Quad-Cities community a wonderful place."

"They are eager and willing to help other people."

Stiffnesses the Auxiliary articulates the Auxiliary are: Helen M. Bergfield, president; Dorothy Partney, first vice-president; Elmer Zimmer, second vice-president; Mary Opich, recording secretary; Betty Heller, corresponding secretary; Marie Zimmer, treasurer of the general fund, and Elvira Thurber, treasurer for the coffee shop fund.

Coakley-Noel Nuptials Take Place Saturday Evening

The West 22nd Street Baptist Church was the scene of the wedding Saturday evening of Miss Joanne Noel, a daughter of the pastor, Rev. Rudolph Noel, and Mrs. Noel, 2808 West 22nd street, and David Allen Coakley, son of Mr. and Mrs. Robert L. Coakley, 2306 Bryan avenue.

The ceremony was performed at 7 o'clock before the altar decorated with white and orchid poinsettias and fern. Rev. Noel officiated.

A program of wedding music was provided by Vano Lockridge, soloist, accompanied at the organ by Richard McKinney. The songs were "O Promise Me," the Lord's Prayer, and "I Love You Truly." A reception followed at the church.

The bride wore a trained gown of white satin. The bodice was trimmed with lace and sequins and pearls outlined the neck. The sleeves were long and the train was edged with lace. An illusion veil was attached to a flowered headpiece and the bride carried a bouquet of white and orchid "mums."

The attendants were Mrs. Peggy Moore, matron of honor, and Miss Norine Trachtenmiller, bridesmaid. They were dressed alike in white lace over purple taffets and both held bouquets of white mums tipped with orchid.

Patty Taylor and Vernon Lockridge served as flower girl and ring bearer. The former wore a white nylon frock and carried a basket of petals.

Charles Moore was best man for Mr. Coakley and serving as groomsmen and ushers were David Noel, a brother of the bride, Steve Moore and Roger Coakley, the bridegroom's brother.

The bride and groom are both graduates of the Granite City high school. Mrs. Coakley is employed by a St. Louis bank.

Senior Citizen Honored At Party

R. J. Huffstutler, one of the oldest and most active members of the YMCA "Senior Citizens," celebrated his 80th birthday Thursday at a party at the YMCA. Sharing honors was another member, Mrs. Ella Lessman, who is 73. Also present were Mr. and Mrs. Hugh Bertrand. He is 80 and Mrs. Bertrand is 85.

The table was decorated in the traditional birthday manner and there were anniversary cakes and other refreshments.

A highlight was a message by the Rev. Boyd Wolverton, pastor of the First Assembly of God Church, who was present with his wife.

The Senior Citizens meet each Thursday morning at the church with 25 or more members present. The regular meeting is preceded by a ceramics class at 9:30 conducted by Robert Davis, followed by handicraft work, quilting, or just visiting.

Marquette is District Favorite

Host Devils Battle
Rams Thursday Night
In 5-Team Tourney

You might get some argument from Venice fans, but the tall Explorers out of Alton Marquette rate as the favored team in this week's district basketball tournament at Venice high school.

If won-loss records hold as a valid indicator, the best Marquette squad in history will battle the host Red Devils in Friday's 8 p.m. championship.

The tourney opens at 7 p.m. Wednesday with Brooklyn Levee meeting Western Military Academy of Alton. On Thursday night, Venice tackles Lincoln in a 7 p.m. game. Marquette takes on the Wednesday winner at 8:20 p.m.

Marquette has one of the finest records among the state's major schools—22 wins and two losses. Venice stands 19-4. Lincoln is 5-10, WMA is 4-15 and Levee 2-10.

The district champion will advance to the Wood River regional and final rounds.

Two 6-5 Starters

Coach Ron Holtman's Explorers lean heavily on good rebounding. This is no surprise after glancing at the starting lineup of 6-5 Mike Matthews, 6-5 John Baker, 6-3 Gordon Beeler, 6-2 Larry Bellin and 5-11 Tom Tueth.

Beeler, the team's leading rebounder, has seen limited action of late due to a chipped bone in his left foot. The 200-pounder, however, is expected to see full duty in the tourney.

The Explorers' top scorer has an average of 21 points a game. Holtman has found his best defense is a zone press in which he has scored more than 20 points in 10 games.

The latter is a sharp-shooting freshman who averages 17 points a game. He has scored more than 20 points in 10 games this season. The Devils, however, give him good support in all but six games at least three players have been in double figures.

Also expected to help the Devils is the return of 5-11 sophomore Howard Black, sidelined most of the season by an appendectomy after a sparring start.

Lincoln Determined

Upsets always dot the tension-filled Illinois state championship series and, well, it could happen at Venice. The Lincoln Rams, for example, are dead serious about spilling their fellow Venetians.

Coach Stan Lynch's charges have been improving, headed by a pair of sophomores—Richard Jackson and Percy Dillon—and senior ballhandler Calvin Dixon. All are scoring in the 15-point neighborhood. But the Rams, too, lack height.

Coach Eddie Watson's Levee Wildcats are paced by

Madison, Venice Continue Streaks But Granite City, Lincoln Beaten

Madison's Trojans and Venice's Red Devils extended long winning streaks in high school basketball games Friday night but the Granite City Warriors and Lincoln Rams were dealt setbacks.

The games ended the regular season for three of the local squads but Madison has one game left—Friday night at Belleville against the Maroons.

The Trojans now have 12 straight wins after downing Civil Memorial's Eagles at Bethalto, 90-65. The victory gave the Trojans a 10-0 Midwestern Conference record—their third undefeated league season in the past four years.

The Red Devils ran their streak to 10 straight triumphs by topping the visiting Livingston Eagles 80-61. The Devils, Madison-Clinton-Macopin Conference champs, finished with a 11-1 MCM mark in their first title season since 1953-54.

Alton's Redbirds gunned down the visiting Warriors 82-68 in the Southwest Conference finale and the Rams 13 points in a 58-35 decision to Summer's Bulldogs at Cairo.

Madison's Cecil Bell rammed in 38 points to capture the Midwestern scoring title with a 24.3 average. Bethalto's Dave Blasing, who led up to Friday night, scored only 13 points in the game and finished second with a 22.7 average.

Bell, who also won the scoring crown last season, was credited with carrying the Trojans throughout the game by Coach Earl McClanahan.

"We were in foul trouble, but Bell was hanging in there all night," he said. Starters Doble, Turner, Hayes Wright and Gary Skinner all sat out much of the game due to personal fouls.

mightily mile guard Cornell Bell, averaging about 19 points per game. They split a pair of regular season games with Lincoln.

Western Military's Red Raiders have an 18-point man in Dick Stratan, 6-3 forward. But Coach Dave Thayer's team, annually a tailender in the ABCA district, was an early season victim of both Venice and Marquette and has shown only small improvement since.

Madison exploded for 32 points in the fourth quarter with Bell scoring nine and John Summers and Turner eight each. The Trojans hit 40 of 71 field goal tries for 56%.

McClanahan's team played without injured sophomore rebound star Paul Lusk, who the coach said will probably miss the coming regional tournament at Wood River on 24 attempts.

The Warriors came to within four points in the third quarter after the host team had gone ahead 47-37 at halftime with a 30-point second quarter.

Senior Paul Sifton had one of his finest nights for the Venice quietest, scoring 27 points and grabbing 16 of the Devils' 54 rebounds. He made 12 of 16 field goal attempts.

"We didn't have any trouble on offense at all," said Coach Howard Olenchok. His squad zipped away to a 46-32 halftime lead and increased that to 71-44 at the end of the third quarter.

Backed Sifton were Rich Esington with 17, Mike Edwards with 15 and John Robertson with 13. The Devils hit 48% from the field. The team's 19-4 record is the best at the school in many years.

And Olenchok says no records are available on the question—so it may be the best in history. Olenchok himself played on Venice's 1953-54 championship team, which ended up with 18 wins and six losses in 1953-54.

Lilly Makes 30 Larry Lilly pumped in 30 points for the Warriors but Alton's George Terry and Darrell McGibany combined to spark an upset.

Terry, who missed an earlier Granite City victory over the Redbirds due to a back injury, fired in 31 points—23 in the first half. Then McGibany took over in the second half and ended with 22 points.

"They're a good shooting ball club," Coach Andy Sullivan said of the Redbirds. "I think they'll be the most dangerous team in the regional, other than Collinsville." The Warriors would meet the Redbirds if both win first-round games at Wood River.

The Alton hit 47% of the field to Granite City's 45% but shined in the free throw department, Wood 20 of 24 attempts.

INSTANT STICKTOITIVENESS for people who keep slipping up on saving

If you're long on planning to save money, and short on following through, here's an idea that's tailor made for you: The Payroll Savings Plan.

It starts you saving instantly. Doesn't cost you a nickel's worth of will power. And it can give you thousands of dollars in savings before you know it.

The idea of the plan is cunningly simple: you don't save your money, you put somebody else up to it. Your employer.

Every payday you have him set aside a small amount from your pay and put it towards the purchase of a U. S. Savings Bond. You don't see the money that's being saved, so you hardly miss it. And since your employer's not as apt to forget about saving — your next wage builds up fast.

Millions of Americans use the Payroll Savings Plan to save money, so you know it works. The money you save this way helps your country, too, by giving Uncle Sam financial strength to stand up to the enemies of freedom.

Why not say the word to your paymaster, here's how: Every new paymaster will advise you of the plan and its benefits.

Quick facts about Series E Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen
- You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

Keep freedom in your future with U.S. SAVINGS BONDS

**\$6 Million Decrease In GC
School District Assessment**

Assessed valuation of the Granite City school district has dropped \$6,436,434, from \$188,581,064 to \$182,144,630. It is announced in the agenda prepared for a semi-monthly school board meeting at 7:30 p.m. tomorrow.
With educational, building and transportation tax rates already at the maximums, the changes reduce property tax income to support the 1964-65 budget by \$130,015 — \$112,637 educational, \$16,081 building and \$1,287 transportation.
Partly offsetting this is an anticipated increase of \$43,124 in state aid, based on the valuation reduction.
Final Bond Issue Decisions — Plans have been made for much of the meeting time Tuesday to be devoted to a continuation of previous discussions on a construction bond issue and tax rate election planned this spring.
It is planned to reach final decisions during the evening, or to do so a night or two later at a special meeting.
Another item of current interest is a traffic safety committee report relating to the Coolidge junior high school area.
Verbal reports are to be submitted to the board on boiler insurance and on 1964-65 summer school plans.
Election Polls, Judges — Decisions to be made include the location of 16 polling places for the April 11 school board election and the number of judges to be assigned to each of the polls.
The park district has asked to use school property again this year for its summer recreation program, and the YMCA has asked to use the Coolidge school campus for its soccer schedule.
A teacher is resigning, and a supervisor is to be sent to an out-of-town conference.
Bids will be opened on year-books and printing of election ballots, and bid awards are scheduled on printed forms and rental of caps and gowns. Bills are to be approved and a special purchase of art tables will be considered.
The agenda also lists reports on attendance, transportation, activity funds and school maintenance.
